

2016 IPMA Forum

*"Business and Technology Working
Together to Solve Problems"*

IPMA Sponsors

Visit the IPMA Sponsor and Forum Vendor Exhibit Booths on May 17th.

The IPMA Forum is a two-day conference and expo that addresses some of the most relevant and pressing technology, business and management priorities and issues for the public and private sector. With more than 30 breakout sessions including keynotes, panel discussions and in-depth technical sessions; you can expect to take home best practices, policy updates and detailed guidance on cloud, mobile government, cyber security, Lean/agile, management, leadership, and other important topics.

Be sure to take advantage of up-to-date information, networking opportunities and professional development training.

From enterprise strategy updates — to innovative business solutions — to insights from leading industry experts — to a comprehensive showcase of technology in action—it is all at the Forum.
